High School Diplomas Regular.....	108	Contracted Operation	
Other Completions*	5		

* Certificates of Completion issued by the district

** Limited English Proficient (LEP)

Superintendent's Highlights

The school district continues to make significant progress in accomplishments of student achievement especially in connection with the new state standards. With the advent of the new data retrieval system (AMS) we were able to assist teachers identify areas concern and focus instruction to increase growth. Both our middle school and high school was once again recognized as a "merit" school.

Our new high school has been completed and is ready for occupancy for the fall of 2002. We have also planned and executed a plan to remove all modular classrooms in the district and utilize our old high school as an intermediate school with grades four and three.

Progress Towards Meeting District Goals

2001-02 Goals

Progress

Student Achievement and Activities:
Maintain and improve the curriculum, instruction, and assessment process.

With the assistance of teachers and staff, the district reviewed and revised language arts program. Using data from the achievement levels testing and other testing, we will provide significant assistance for students to succeed in meeting the state standards.

Facilities Development: Develop a long-range facility development plan, preventative maintenance program, and upgrade existing building and facilities.

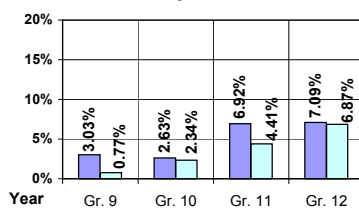

The district will open its new 143,000 square feet high school, while preparing the old high school for occupancy as an intermediate school.
